BOSCH GCM12SD DUST COLLECTION SYSTEM

INSTALLATION GUIDE

SAFETY: UNPLUG THE SAW BEFORE INSTALLATION. Designed/tested for Bosch GCM12SD only. Aftermarket use may affect the manufacturer warranty. Support workpieces/offcuts and follow all saw safety procedures.

STEP 1A

Remove the 2 top screws from the stock dust collection attachment.

STEP 1B

Remove the 2 bottom screws from the stock attachment (access from right side).

STEP 2A

Remove lower cord clip. Save the screw for reuse.

STEP 3

Remove guard-bracket screw and swing the flat steel bracket down.

STEP 4

Remove the 2 left-side rear guard screws. Replace with provided screws.

INSTALLATION GUIDE

INSTALLATION STEPS — CONTINUED

STEP 5

Remove the 2 screws from this side. One screw is behind the bracket.

STEP 6

Remove the bracket.

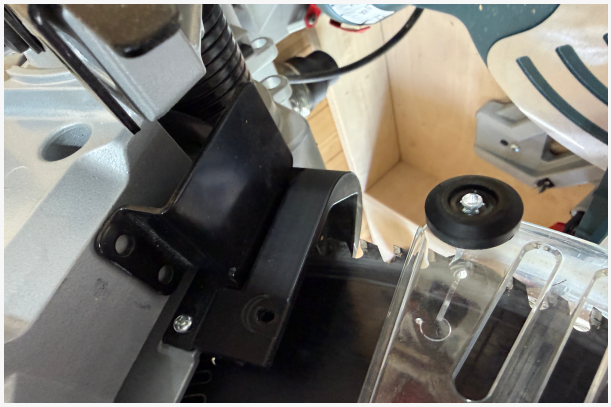

STEP 7

Install the mounting plate using the existing screws.

STEP 8

Confirm mounting bracket is in place and reinstall the wire guard.

STEP 9

Mount dust collector in bracket using the included thumb screws.

STEP 10–11

Remove wire clip, install 45° hose adapter, connect hose, then attach the hose fitting you need.
